## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 7,11,12 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

### ***Claim Rejections - 35 USC § 103***

Claims 1-6,8-10 are rejected under 35 U.S.C. 103(a) as being unpatentable over Klausen in view of Korenev et al. See the previous office action for this rejection.

### ***Response to Arguments***

Applicant's arguments filed 1/21/04 have been fully considered but they are not persuasive. The arguments are not commensurate in scope with the claimed subject matter. For example, the steam separator is not being positively claimed so a 'sealed housing' becomes a relative phrase.
